*\*nb. Bamboo products may vary to that shown. Being a completely natural material, it varies in colour, blemishes, grain and other inconsistencies - it adds greatly to the individuality of each order.*

## Material/s

**Badge:** Moso® Bamboo material only comes from licensed managed forests, is harvested every 5 years and made in a factory that is ISO 9001 quality and ISO 14001 environmental third party certified. It complies with the most stringent international material standards. Moso® bamboo combines all of the virtues of hardwoods with the immense growing capacity of the highly renewable giant Moso® bamboo species acting as a green carbon negative alternative material where no additional water or pesticides are needed. Bamboo material simply biodegrades at end of life.

Moso® Bamboo is medium in colour with 'caramel' tones. It's soft enough to get a beautiful deep engraving while hard enough not to burn and char. Great ink adhesion for printing, with little colour change on process print.

**Fitting:** Self adhesive butterfly clutch pin fitting

Self adhesive butterfly clasp
