Size/s

Standard: 92mm round or 92mm square
Bespoke: Any size and shape up to 100mm x 100mm

nb. Bamboo products may vary to that shown (colour, blemishes, grain and other inconsistencies) - it adds greatly to the individuality of each order.

Material/s

Coaster: Moso® Bamboo material only comes from licensed managed forests and once harvested every 5 years is made in production facilities that are ISO 9001 quality and ISO 14001 environmental third party certified. It complies with the most stringent international material standards. Moso® bamboo combines all of the virtues of hardwoods with the immense growing capacity of the highly renewable giant Moso® bamboo species and can therefore act as a green carbon negative alternative material where no additional water or pesticides are needed. Bamboo material simply biodegrades at end of life.

Printing and Engraving on Bamboo: Bamboo is soft enough to get a beautiful deep engraving whilst hard enough not to burn and char. It has great ink adhesion for printing, with little or no colour change on process print.

Backing: Cork is a 100% eco. Renewable, recyclable and biodegradable, it is naturally harvested from tree bark without the need for cutting down the whole tree. It is also waterproof, buoyant, flexible and fire resistant making it an idea backing for our bamboo coasters.

Made in Britain · Zero Air Miles · Carbon Neutral Material (Bamboo) · Sustainable Material (Cork Base) · Biodegradable Material (Bamboo & Cork) · Plastics Free Packaging · Sustainable British Manufacturing
